MVM InfoTech is a leading international e-Business consulting firm. We plan to build a successful online business. We are specialized in online travel and tourism industry. More information about our business you can find at www.mvminfotech.com

Our Website

behindCity “Explore Your City” is our worldwide travel portal and unique brand name . behindCity explores indoor outdoor activities and holiday ideas from all around the world which attracts local or international visitors. For more information visit www.behindcity.com

The Plan

- We are building our international network and relation with local partners to provide inbound and outbound travel services in each destination.
- Our partner will be responsible to add all the information and services on www.behindcity.com
- We do not directly book the holiday/vacations activities themselves. We focus to market our partner destination and programs and generate customer enquiries from national and international market.
- Upon receiving any enquiry, partner will communicate with customer directly and offer the quote, services, confirm the booking and accept payments with your terms.
- On each confirm booking by partner, we will charge agreed commission on total sale invoice.

How to Become Our Partner?

- First review this document carefully and if interested then fill up the partnership form and send back to us.
- Upon receiving the partnership form, we will review the form/company and then get back to you for further Skype meeting.
